# MushRoom

**Manual**

# Knock

To start a conversation, knock the person you want to message or get knocked by someone, like a call

**User must be Active**

### How to Knock a person ?

**Manually enter the number and name of the person or Pick contact from your phone book**
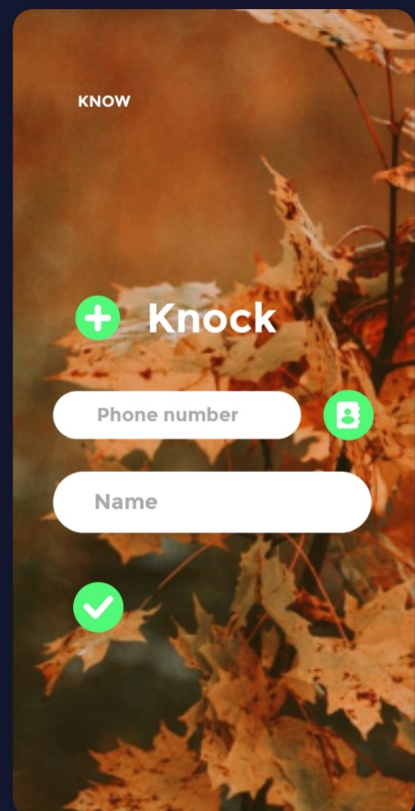

**Click** ✅ **when done**

**Note**
Always use Phone number without country code
You can use any name for your contact whom you want to knock

**If he/she accepts your knock, you can message privately**

**If Declined, you can knock again**

**If he/she does not responds, after 20 seconds you can knock again**

### Get Knocked

**Any of your contacts with MushRoom can knock you**
**You can also hear a Knocking sound**
**For better experience keep MushRoom on in background, and remain connected with internet**

**To Accept, Click** ✔️
